

Ecological Economics and Governance of Natural Resources?

Natural Resource Management

CEEPA – GovInn

27 September – Future Africa

The Centre for Environmental Economics and Policy in Africa (CEEPA) is a GovInn associated Center of the Faculty of Natural & Agricultural Sciences at the University of Pretoria is associated with GovInn. The mission of CEEPA is to enhance the capacity of African researchers to conduct environmental economics and policy inquiry of relevance to African problems and increase the awareness of environmental and economic managers and policy makers of the role of environmental economics in sustainable development.

The session will be organized around different case studies on water and wildlife management in Africa. The presenters are current CEEPA doctoral students who will bring to the discussion their current research questions and progress. Their methodological approaches are largely inspired by the ecological economics framework. However, the GovInn week provides an opportunity to discuss such approaches with a wider and more multidisciplinary audience.
